

help build
a **healthy**
future

Make a donation

At Castlemaine Health we take pride in caring for our community and delivering exceptional care to every person, every time.

An important part of this responsibility is building a health service that is fit for future generations. We want our children and grandchildren to have access to high quality care and be able to choose from a diverse range of services that meet their needs. We want exceptional care available locally that helps keep families close.

By making a donation you're investing in the health and wellbeing of those around you, and helping to build a healthy future for your community.

On behalf of our dedicated staff and volunteers, thank you for your support.

Yours sincerely

Ian Fisher
Chief Executive Officer
